Facilitator(s): *Ms. María de los Ángeles Suárez*

Maria de los Angeles graduated as “Profesor en Inglés e Inglés Técnico” at “Instituto Nacional Superior del Profesorado Técnico” in Buenos Aires, Argentina. She also holds a degree as Profesora de Inglés para el Primer y Segundo Ciclo de la E.G.B. She has successfully completed the requirements to be recognized as a Microsoft Certified Educator. She has taught English as Foreign Language at Primary and Secondary School for 16 years. She is a Microsoft Innovative Educator Expert since 2015 and a Skype Master Teacher since 2017. She is currently working as Multimedia Lab Teacher for upper forms at St. Brigid's School. She attended Microsoft Global Education Exchange (E2) in Toronto, Canada in 2017, since her project “Around the World in a Sway, Tales of Skype in the Classroom Adventures” was one of the projects selected by Microsoft Argentina to represent the country in the Exchange.

Ms. Jennifer Verschoor

Jennifer Verschoor graduated from St. Andrew's Scots School. She holds a degree in Literary, Technical and Legal Translation as well as a Bachelor's degree in Educational Management, English Teaching and ICT in the Classroom validated by Trinity College London. She holds an MA in Virtual Environments and a Specialization in Education and ICT offered by the Ministry of Education in Argentina. She is the co-author of My First Digital Journey, an ebook published by The Round in December 2012. Currently she is working for the British Council in Argentina and Chile, ESSARP, Universidad Tecnológica Nacional, Cambridge English and SimpleK12 giving teacher training courses on the integration of ICT. She has been hired by SBS International to co-moderate TIC en el AULA, nominated for an ELTon Award in 2013 under the category Local Innovation.

Objectives: By the end of this session, participants will:

- Understand the value and impact of digital tools to transform education.
- Explore a range of tools categorized by teaching and learning needs.
- Gain hands-on experience with selected digital tools tools.(Canva, Genially, etc)
- Develop actionable strategies to integrate digital tools into their teaching practice.

Contents: In different Digital Exploration Corners teachers can discover and experiment with a variety of cutting-edge tools for enhancing collaboration, critical thinking, creativity, assessment, and engagement. Each corner will focus on a specific category of digital tools, such as collaboration, creativity, critical thinking, assessment, and engagement, allowing educators to explore their applications in real-world teaching scenarios.

These corners will feature hands-on practice with tools like Canva, Kahoot, Edpuzzle, Padlet, etc. alongside curated resources, templates, and guides.

Bibliography: To be shared during the workshop.

Methodology: Face-to-face Workshops: Hands-on exploration of different digital tools for educators. Participants must bring a device (tablet or computer) to the workshop.
